

Diptyque L'Art du Soin Collection

The Collection:

Almost 50 years ago, three artists – a painter, a set designer and an architect – opened a unique boutique at 34 Boulevard Saint-Germain in Paris and called it Diptyque, after its three-paneled storefront. Combining their creativity and individual aesthetics, they became purveyors of distinctive objet and cultivators of a free and eclectic spirit focused on art, nature, innovation and the wealth of the past
