LUXURY HOTEL AMENITIES

LUXURY  
BATHROBE  
COLLECTION

## Luxury Bathrobe Collection

Discovering a comfortable and well-appointed bathrobe upon entering a hotel room is one of travelling's most appreciated small luxuries.

The quality, weight and styling of the robe are crucial to the guest's enjoyment of an item that is so personal and intimate. From the hotel's perspective, the robe must also deliver value and durability, while helping to reinforce the hotel's unique character and level of excellence.

Our Luxury Bathrobe Collection has been carefully curated to help you find the absolute perfect solution for your property. We offer 100% natural fibre robes in a variety of styles, fabrics, weights and prices. From classic cuts in sumptuous velour to streamlined styles in contemporary cotton, we offer robes to suit every environment and guest.

All of our robes were designed and constructed specifically for use in the hospitality sector. Without sacrificing form or comfort, our robes are made to withstand industrial washing and drying practices, ensuring your investment and pleasing your staff.

Understanding the value of branding, we offer a variety of different ways to customise your bathrobe selection. From embroidering your logo and adding a custom tag, to dyeing the fabric and piping to match your designated Pantone colours, let us help you create a robe that elegantly embodies your brand.
